

EDBX COAXIAL AND COMPONENTS
4/5/6 AND 6X9”

Elegant • Efficiency • Precision

Introducing our latest speaker systems, including the 6x9” models and our new 2-way component speakers. The DBX coaxial speaker features a unique composite cone that is both lightweight and strong, ensuring quick and precise audio playback. It is paired with a PEI diaphragm, which delivers high-quality sound similar to Silk with a volume close to metal but without any harshness. For easy installation in various vehicles, the 6.5” model comes with a stamped Steel basket featuring a multi-fit design.

By adding a DBX series coaxial or component speaker, you can elevate your vehicle’s sound quality and volume with advanced materials and engineering. Experience an impressive sound upgrade for any vehicle.

BEST PERFORMANCE - Experience the ultimate performance with our cleverly engineered speakers, delivering unrivaled excellence from basic to amplified installations.

WINNING DESIGN - The new “Big E” design which features across a range of new products is right here for you. The unique design is bold and elegant all at the same time.

BEST SOUND - The coaxials 3 way contriction and light weight composite cone and the componens PEI tweeter deliver high quality, warm, rich sound reproduction.

EASY FITMENT - Our EDBX speakers feature easy fit baskets in the 6.5”, 5.25” and 4” meaning they can be easily installed into many vehicles factory locations

STEEL MESH GRILLE

A rigid steel grill provides protection for the speakers cone when installed in an application where the speaker is accessible or visible.

TORSION BASKET

Angular torsion basket supports the huge motor system and the moving parts of the speaker.

FOAM SURROUND

Foam surround offers a natural and warm sound while being lighter than rubber making it more efficient and better and utilising the power they are given.

SPADE TERMINAL

Spade terminal allows fast and easy installation.

COAXIAL

3 way speakers from a single point source offering full bandwidth from midbass all the way to high treble.

FEMM MOTOR

FEMM ferrite magnet offers high quality magnetic force for controlled and accurate playback.
